

# WHAT ENERGY MARKET MODEL FOR A COMPETITIVE DECARBONIZATION?

**25 JANUARY 2022 – 11.00 / 13.00**  
**ONLINE EVENT**

2021 represented a crucial year for climate policies. Several global actors committed to strengthen their efforts for decarbonizing their economies in the upcoming decades.

While energy production and energy markets will surely play a pivotal role in the road towards net zero, this event aims at investigating some crucial links between market design and decarbonization, through keynotes by experts and academics and a discussion to follow.

Among the focus points, the analysis will investigate the role of long term Power Purchase Agreements.

# AGENDA

11.00 / 11.20

## INTRODUCTION BY THE MODERATORS

**MATTEO LEONARDI** / Co-founder ECCO think tank

## ABOUT US

THE ITALIAN CLIMATE CHANGE THINK TANK

**ECCO** is the first independent Italian, non-profit climate change think tank. Founded in 2021 with the mission to accelerate climate action in Italy and around the world, ECCO

uses its independence and expertise to identify and promote transformative science-led climate solutions and implementation strategies. ECCO is an active agent of change, deploying strategic communication, advocacy and diplomacy to shape climate and energy politics in all forms. [www.eccoclimate.org](http://www.eccoclimate.org)

Established in 1971, SDA Bocconi School of Management is the best international business school in Italy. The footprint and spirit of its founders – according to whom every learning

experience is a transformative journey – are alive today more than ever. Thus, our master, our open & custom programs and our practice-oriented research aim to change and improve people and organizations. At the same time, our scientific research creates cutting-edge knowledge to help leaders face the toughest challenges in an increasingly global and changing market.
