

# MANAGING CLIMATE RISK AND SECURITY IN THE MEDITERRANEAN

**10 DECEMBER 2023 – 5:30 P.M. / 7:00 P.M. (GST+4)**

**ITALIAN PAVILION (B6, BUILDING 84)**

Live streaming on the [Youtube channel](#) of the Italian Ministry of Environment and Energy Security

## THEMATIC FOCUS

Climate change amplifies extreme weather phenomena that exacerbate pre-existing instabilities, especially in the Mediterranean. A mitigation and adaptation strategy is central for all countries in the region for shared security and prosperity. During this seminar, a diverse panel of experts from intergovernmental organisations, academia, national governments and civil society will elucidate, share insights and propose solutions on this matter.
